MEMORANDUM

TO: Boone County Commission
FROM: Melinda Bobbitt, CPPO, CPPB
DATE: March 28, 2016
RE: Contract Approval – 18-123102 – Upgrade to Temperature Control System with Tridium’s License Extension Program for HVAC located at the Boone County Courthouse

Boone County Facilities Maintenance department requests approval for an upgrade to our temperature control system with Tridium’s license extension program for the HVAC system located at the Boone County Courthouse. We have a sole source form previously approved, 18-123102 for upgrades to the HVAC system.

The front end interface to the BAS system in the Courthouse is currently obsolete and can no longer receive licensing support to reinstall the software if the existing PC should fail. This is also true of the two Ethernet level controllers in the building. This upgrade is with C&C Group of Jefferson City, Missouri and it includes the software and the two hardware devices replacement. In addition, there is currently a program being offered that will allow us to extend the licensing support on the computer through the end of the calendar year. However, to enroll in the program we need to purchase the upgrade software before the end of this month.

Total cost of contract is \$25,455 and \$4,830 will be paid in 2016 and the balance of \$20,625 paid in 2017. Invoices will be paid from department 6100 – Facilities Maintenance, account 60200 – Equipment Repairs/Maintenance. There is enough in that account to cover the payment in 2016.

Dear Chuck:

This letter is to clarify that the pricing provided in our proposal dated March 24 for the BAS upgrade in the Boone County Courthouse is valid for a period of 1 year. Our original quote was for a total price of \$25,455. Your intention is to enroll in Tridium's license extension program which has an upfront cost of \$4,830. This leaves a remaining cost of \$20,625 to install and program the system.

This remaining cost is guaranteed not to increase for a period of one year to allow for budgeting and planning of the second half of the project.

If there are any questions regarding this proposal, please feel free to contact me at 573-632-4247.

Sincerely,

Chuck Nichols
Boone County Facilities Maintenance
601 East Walnut
Columbia, MO 65201

Dear Chuck:

Per our conversation yesterday, the front end interface to the BAS system in the Boone County Courthouse is currently obsolete and we are no longer able to get licensing support to reinstall the software if the existing PC should fail. This is also true of the two Ethernet level controllers in the building. As a result, we are strongly recommending that the software and the two hardware devices in the field be replaced. There is currently a program being offered that will allow us to extend the licensing support on the computer through the end of the calendar year. However, to enroll in the program we need to purchase the upgrade software before the end of this month. We had hoped that Schneider Electric would be able to negotiate an extension of all the site licenses, but this has not transpired and thus we need to make a decision on enrolling immediately. Regardless of whether we enroll or not, the system needs to be evaluated for upgrade.

The cost of the upgrade is \$25,455. This will cover new front end software, the new Ethernet level controllers, programming, installation, and new web based graphics for the front end interface. The software will be installed on a County PC which would be located at the same location as the existing machine in the Courthouse. Enrolling in the program has an up front cost of \$4,830 which is for the purchase of the new software. The advantage of doing this is that we gain the license support which is critical if there is a failure with the existing host PC. This initial cost would be deducted from the total quote so that the remaining cost for the completion of the upgrade would be \$20,625. Please contact me as soon as possible with any questions regarding this as time is critical. We must have the paperwork in prior to March 30 to sign up the location for the license extension program.

If there are any questions regarding this proposal, please feel free to contact me at 573-632-4247.

Sincerely,

Brian Schepers

Boone County reserves the right to award this bid on an item-by-item basis, or an "all or none" basis, whichever is in the best interest of the County. The Purchasing Director reserves the right, when only one bid has been received by the bid closing date, to delay the opening of bids to another date and time in order to revise specifications and/or establish further competition for the commodity or service required. The one (1) bid received will be retained unopened until the new Closing date, or at request of bidder, returned unopened for re-submittal at the new date and time of bid closing.
4. When products or materials of any particular producer or manufacturer are mentioned in our contracts, such products or materials are intended to be descriptive of type or quality and not restricted to those mentioned.
5. Do not include Federal Excise Tax or Sales and Use Taxes in billing, as law exempts the County from them.
6. The delivery date shall be stated in definite terms.
7. The County Commission reserves the right to cancel all or any part of orders if delivery is not made or work is not started as guaranteed. In case of delay, the Contractor must notify the Purchasing Department.

12. The County reserves the right to award to one or multiple respondents. The County also reserves the right to not award any item or group of items if the services can be obtained from a state or other governmental entities contract under more favorable terms. The resulting contract will be considered "Non-Exclusive". The County reserves the right to purchase advertising from other vendors.
13. The County, from time to time, uses federal grant funds for the procurement of goods and services. 14. In the event of a discrepancy between a unit price and an extended line item price, the unit price shall govern.
15. Should an audit of Contractor's invoices during the term of the Agreement, and any renewals thereof, indicate that the County has remitted payment on invoices that constitute an over-charging to the County above the pricing terms agreed to herein, the Contractor shall issue a refund check to the County for any over-charges within 30-days of being notified of the same.
16. **For all titled vehicles and equipment the dealer must use the actual delivery date to the County** on all transfer documents including the Certificate of Origin (COO,) Manufacturer's Statement of Origin (MSO,) Bill of Sale (BOS,) and Application for Title.
