FINDING OF PUBLIC NUISANCE AND ORDER FOR ABATEMENT

NOW on this 15th day of June 2017, the County Commission of Boone County, Missouri met in regular session and entered the following findings of fact, conclusions of law and order for abatement of nuisance:

Findings of Fact and Conclusions of Law

The County Commission finds as fact and concludes as a matter of law the following:

1. The Boone County Code of Health Regulations (the "Code") are officially noticed and are made a part of the record in this proceeding.
2. The City of Columbia/Boone County Health Department administrative record is made a part of the record in this proceeding and incorporated herein by reference. In addition, any live testimony of the official(s) of the department and other interested persons are made a part of the record in this proceeding.
3. A public nuisance exists described as follows: junk, trash, rubbish, garbage and other refuse on the premises.
4. The location of the public nuisance is as follows: 2395 E. Alfalfa Drive, a/k/a parcel# 12-401-18-07-015.00 01, Section 18, Township 49, Range 12 as shown in deed book 1636 page 0085, Boone County.
5. The specific violation of the Code is: junk, trash, rubbish, garbage and other refuse in violation of section 6.5 of the Code.
6. The Health Director's designated Health Official made the above determination of the existence of the public nuisance at the above location. Notice of that determination and the requirement for abatement was given in accordance with section 6.10.1 of the Code on the 14th day of April to the property owner.
7. The above described public nuisance was not abated. As required by section 6.10.2 of the Code, the property owner was given notice of the hearing conducted this date before the Boone County Commission for an order to abate the above nuisance at government expense with the cost and expense thereof to be charged against the above described property as a special tax bill and added to the real estate taxes for said property for the current year.
8. No credible evidence has been presented at the hearing to demonstrate that no public nuisance exists or that abatement has been performed or is unnecessary; accordingly, in accordance with section 6.10.2 of the Code and section 67.402, RSMo, the County Commission finds and determines from the credible evidence presented that a public nuisance exists at the above location which requires abatement and that the parties

responsible for abating such nuisance have failed to do so as required by the Health Director or Official's original order referred to above.

Order For Abatement Chargeable As a Special Assessment To The Property

Based upon the foregoing, the County Commission hereby orders abatement of the above described public nuisance at public expense and the Health Director is hereby authorized and directed to carry out this order.

It is further ordered and directed that the Health Director submit a bill for the cost and expense of abatement to the County Clerk for attachment to this order and that the County Clerk submit a certified copy of this order and such bill to the County Collector for inclusion as a special assessment on the real property tax bill for the above described property for the current year in accordance with section 67.402, RSMo.

WITNESS the signature of the presiding commissioner on behalf Boone County Commission on the day and year first above written.

MEMORANDUM

TO: Boone County Commission
 FROM: David Eagle
 RE: Computer and Peripheral Surplus Disposal
 DATE: June 7, 2017

The Purchasing Departments requests permission to dispose of the following list of surplus PC & Peripheral equipment through MRC Recycling Center. MRC Recycling will pick up our surplus at no charge. They are a State of Missouri, DNR Level Four recycling center. No computer items are land-filled. Purchasing will obtain a Certificate of Destruction, and we will let them know that we want everything recycled, not reused so nothing ends up in the landfill.

Prior to Computer surplus coming to Purchasing for disposal, Information Technology has removed the hard-drives for destruction by their department. Their procedure for PC disposal is:

Once all the data is copied or recovered for the user, IT removes the hard drive and memory from the PC. The memory is held to be used for upgrading other PCs at the county that can benefit. IT sometimes removes parts that can be used as spare if the model is current enough. (ie Power Supplies, Video Cards, etc.) The hard drive is held for a minimum of 30 days in case a user identifies something is missing. After 30 days IT may reuse the hard drive in other county PCs if there are failures. If a hard drive goes unused or fails and IT needs to physically dispose of it, they drill a 5/8" hole through the drive and the data platters. Once IT has collection of "drilled" drives, they deliver them to PC recycling vendor, MRC Recycling Center.

MRC Recycling Center certifies that they have picked up the following items and that all items will be recycled, not reused, so nothing ends up in the landfill.
