**Subject:** Election costs

June,

To follow up on the discussion that we had yesterday about election costs, these are the statutes that mandate proportional cost to each district. As an aside, I realized that we had a similar situation in 2017 with the use tax election so it's possible that Jason and Art have some documentation from that.

Finally, there was a big change to the statute effective January 1 that the state now pays costs for elections, which they had not previously done. The secretary of state's office is still working out what that will mean for counties for future elections.

Thanks,  
Brianna

115.063. Political subdivision or special district, cost of elections — state to share proportionately, when. — 1. When any question or candidate is submitted to a vote by any political subdivision or special district and no other question or candidate is submitted at the same election, all costs of the election shall be paid from the general revenue of the political subdivision or special district submitting a question or candidate at the election.

2. All costs of elections involving a statewide candidate or statewide issue and all costs of elections involving candidates for state senator or state representative shall be paid by the state, except that if a political subdivision or special district holds an election on the same day, the costs shall be shared proportionately by the state and the political subdivisions and special districts affected in the manner provided in section 115.065.

3. When a proposed political subdivision submits a petition requesting an election as part of the formation thereof, the petitioners shall submit together with the petition sufficient security to pay all costs of the election. If such proposition is successful, the political subdivision thereby created shall reimburse those persons advancing funds to pay the costs of the election.

(L. 1977 H.B. 101 § 2.510, A.L. 1983 S.B. 234, A.L. 1986 H.B. 1471, et al., A.L. 1993 S.B. 31, A.L. 2018 S.B. 592)

Effective 1-01-19

115.065. Proportion of cost for two or more political subdivisions or special districts, how computed — exceptions — definitions — election services fund, when used. — 1. Except as provided in sections 115.069, 115.071, 115.073 and 115.077, when any question or candidate is submitted to a vote by two or more political subdivisions or special districts, or by the state and one or more political subdivisions or special districts at the same election, all costs of the election shall be paid proportionally from the general revenues of the state and all political subdivisions and special districts submitting a question or candidate at the election, except that costs of publications of legal notice of elections shall not be paid proportionally. The state and each political subdivision and each special district shall pay for publication of its legal notice of election. At the discretion of the election authority, ballot printing costs, if any, may be paid proportionally or the state and each political subdivision and each special district may pay for

such ballot printing costs, if any.

2. ### 3. BID SUBMISSION

#### 3.1 Bid Submission Information:

- 3.1.1 All bids must be received in a sealed envelope/packaging clearly marked "**3-170105TV Medium Duty Vehicles**". All bids must be received at the office of the RFB Coordinator as outlined in Section 1. "INTRODUCTION AND GENERAL INFORMATION".
- 3.1.2 **In addition to a hard copy of the Pricing Sheets, bid pricing should be submitted electronically on a flash drive or CD using the EXCEL spreadsheet (Pricing Entry Sheets) provided on the website for this bid. A copy of the Pricing Entry Sheets will suffice as a hardcopy.**
- 3.1.3 The bidder may withdraw, modify or correct his/her bid after it has been deposited with MoDOT provided such request is submitted in writing and received at the location designated for the bid opening prior to the date and time specified for opening bids. Such a request received as specified will be attached to the bid and the bid will be considered to have been modified accordingly. No bid may be modified after the date and time specified for the opening of bids.
- 3.1.4 Open Competition / Request For Bid Document:
  - a. It shall be the bidder's responsibility to ask questions, request changes or clarification, or otherwise advise MoDOT if any language, specifications or requirements of an RFB appear to be ambiguous, contradictory, and/or arbitrary, or appears to inadvertently restrict or limit the requirements stated in the RFB to a single source. Any and all communication from bidders regarding specifications, requirements, competitive bid process, etc., must be directed to the buyer from MoDOT, unless the RFB specifically refers the bidder to another contact. Such communication should be received at least three (3) working days prior to the official bid opening date.

- b. Every attempt shall be made to ensure that the bidder receives an adequate and prompt response. However, in order to maintain a fair and equitable bid process, all bidders will be advised, via the issuance of an amendment to the RFB, of any relevant or pertinent information related to the procurement. Therefore, bidders are advised that unless specified elsewhere in the RFB, any questions received less than three (3) working days prior to the RFB opening date may not be answered.
- c. Bidders are cautioned that the only official position of the MoDOT is that which is issued by MoDOT in the RFB or an amendment thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
- d. MoDOT monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among bidders, price-fixing by bidders, or any other anticompetitive conduct by bidders which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.

3.1.5 Award:

This is a Multiple Award bid and there will be no 'one' bidder awarded each item within this bid. Each individual delivery destination will have sole responsibility and discretion for all purchasing decisions. After award, Districts shall use the following evaluation criteria to determine the awarded contract that would provide the "lowest and best" equipment purchase option:

- a. Base and Options Costs 50 Points
- b. Warranty Coverage/Unit Features that Improve Performance, Strength, Reliability & Longevity 20 Points
- c. Location of Parts and Servicing Dealers and their Past Performance 20 Points
- d. Delivery Timeline 5 Points
- e. Other response information 5 Points

3.1.6 Cost Evaluation:

The evaluation of base and options costs will be conducted using a scale of fifty (50) possible points based upon the following formula:

$$\frac{\text{Lowest Responsive Price}}{\text{Price of Bidder Being Evaluated}} \times 50 = \text{Points Awarded to Bidder Being Evaluated}$$

3.1.7 Bidder Compliance: The bidder must be in compliance with the laws regarding conducting business with MoDOT and as indicated in the Terms and Conditions.

3.1.8 Bidder Notification: Notification of award shall be at the time the tabulation is posted to the Internet. It is the sole responsibility for all bidders to check the website for bid results.

**Missouri Highways and Transportation Commission  
Standard Bid Provisions, General Terms and Conditions and Special Terms and Conditions**

**Cancellation of Contract**

The MHTC may cancel the Contract at any time for a material breach of contractual obligations or for convenience by providing Contractor with written notice of cancellation. Should the MHTC exercise its right to cancel the contract for such reasons, cancellation will become effective upon the date specified in the notice of cancellation sent to the Contractor.

**Bankruptcy or Insolvency**

Upon filing for any bankruptcy or insolvency proceeding by or against the Contractor, whether voluntarily, or upon the appointment of a receiver, trustee, or assignee, for the benefit of creditors, the Commission reserves the right and sole discretion to either cancel the Agreement or affirm the Agreement and hold the Contractor responsible for damages.

**Warranty**

The Contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by the MHTC, (2) be fit and sufficient for the purpose expressed in the solicitation documents, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.

**Status of Independent Contractor**

The Contractor represents itself to be an independent Contractor offering such services to the general public and shall not represent itself or its employees to be an employee of the MHTC. Therefore, the Contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers' compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save and hold the MHTC, its officers, agents and employees harmless from and against any and all losses (including attorney fees) and damage of any kind related to such matters.

**Non-Waiver**

If one of the parties agrees to waive its right to enforce any term of this Contract, that party does not waive its right to enforce such term at any other time or to enforce any or all other terms of this Contract.

**Indemnification**

The Contractor shall defend, indemnify and hold harmless MHTC, including its members and department employees, from any claim or liability whether based on a claim for damages to real or personal property or to a person for any matter relating to or arising out of the Contractor's performance of its obligations under the contract awarded pursuant to this solicitation.

**Missouri Highways and Transportation Commission  
Standard Bid/Proposal Provisions, General Terms and Conditions and Special Terms and Conditions**

**SPECIAL TERMS AND CONDITIONS**

**Tax Exempt Status:**

MHTC is exempt from paying Missouri Sales Tax, Missouri Use Tax and Federal Excise Tax. However, the Contractor may themselves be responsible for the payment of taxes on materials they purchase to fulfill the contract. A Project Tax Exemption Certificate will be furnished to the successful Bidder upon request if applicable.

**Liquidated Damages**

- a. In the event the successful Contractor fails to deliver the material within the time specified, the Department and the public will sustain damages because of such delay in delivery, the exact extent of which would be difficult to ascertain, and in order to liquidate such damage in advance it is agreed that the **sum of \$50 per day, per item**, for each assessable calendar day on which the delivery has not been completed, is reasonable and the best estimate which the parties can arrive at as liquidated damages, and it is therefore agreed that said amount will be withheld from payments due the Contractor or otherwise collected from the Contractor as liquidated damages.
- b. **Saturdays, Sundays, holidays and days whereas the Department has suspended work** shall not be assessable days.

**Specifications Change for Items #4, #5 and #6:**

Remove the following criteria from Items #4, #5 and #6:

7. Minimum 11,000 lbs. GVWR

Replace with:

7. Minimum 10,000 lbs. GVWR

**Clarification to Hydraulics Option for Items #10, #11, #12, #13, #14 and #15:**

The description of the hydraulic system option for Items #10F, #11F, #12E, #13E, #14F and #15E shall be removed from the RFB and replaced as follows:

**Hydraulic system to run body, plow and spreader, hoist and plow controls to be manual cable controlled and the spreader control shall be a Certified Power Freedom 2.0 automated spreader control. The hydraulic system requirements shall match the preceding hydraulic specifications.**

**Clarification to Snow Removal Equipment for Truck Items #4, #5 and #6:**

Medium Duty Trucks - Items #4, #5 and #6 did not include an option for the necessary hydraulic system required to operate a hydraulic snow plow. The hydraulic system can be priced to the customer by the snow removal equipment vendor at time of purchase using the % of Discount Off of MSRP. The Certified Power Freedom 2.0 is NOT required. The vendor may recommend a better alternative for these trucks.

**Clarification to Snow Removal Equipment for Truck Items #7, #8 and #9:**

Medium Duty Trucks - Items #7, #8 and #9 did not include an option for the necessary central hydraulics system required to operate a hydraulic plow/spreader. The central hydraulics system can be priced to the customer by the snow removal equipment vendor at the time of purchase using the % of Discount Off of MSRP. The Certified Power Freedom 2.0 is NOT required. The vendor may recommend a better alternative for these trucks.

### Vendor Questions:

Will all the service bodies be white or are they to be the DOT yellow specified in the bid; or will there be a mixture? MoDOT has been purchasing both white and Highway yellow trucks in recent years, but the trend seems to be towards white.

One of the service body options calls for a low sliding roof that has a "...two-piece rigid aluminum end gate cover...". Is there a picture of this available? A picture is attached at the end of this addendum. The end gate is hinged in the middle and the two pieces fold together and then you flip it up onto the top of the roof.

Will MoDOT accept alternatives to their listed spreader control?

MoDOT did not specify a spreader control system on Medium Duty Truck Items #4 - #9. The spreader control system for Items #4 - #9 can be priced at the time of the order using the % of Discount Off of MSRP. Snow Removal Equipment Vendors should work with the customer to determine the best system to meet the customer's needs.

Medium Duty Truck Items #10 - #15 includes options that specify the Certified Power Freedom 2.0. For those options, the vendor must bid that system. However, vendors may also price other systems at the time of purchase that may better fit the customer's needs (using the % of Discount Off of MSRP).

Are the utility body options for the steel bodies only? (*not* the Brand FX body) YES. The utility body options are only for the steel bodies.
