Staff Report for County Commission
RE: P&Z Agenda Items
November 1, 2022

Maple Meadows Lot 13 – Vacation Request

The Boone County Subdivision Regulations and Zoning Regulations are entered into the record of this meeting.

A Petition has been submitted by Allen Zumalt, Asa Zumalt, and Byron Zumalt to vacate Lot 13 of Maple Meadows Subdivision Plat 1 as recorded in Plat Book 31 Page 4 of Boone County Records. If the vacation request is granted, the property will be replatted together with an unplatted, approximately one-half acre, parcel adjacent to the west. Maple Meadows Plat 1 was platted in January 1997. The zoning is R-S Single Family Residential; the lot that is proposed to be vacated is vacant.

In accordance with Boone County Subdivision Regulations Section 1.8, the County Commission is required to conduct a public hearing prior to granting permission to vacate and replat a subdivision or portion thereof. Before granting permission, the Commission must find that the action will not adversely affect the character of the neighborhood, traffic conditions, circulation, the proper location, alignment and improvement of streets and roads within and adjacent to the subdivision, property values within the subdivision, public utility facilities and services and will not generally adversely affect the health, welfare or safety of persons owning or possessing real estate within the subdivision.

The character of the area is mixed use and includes both single and two-family residences, retail, office, and mini storage uses. The potential developer of the property stated at an August concept review meeting that it was their intention to build three mini storage buildings on the property, which requires rezoning. In the context of the existing R-S zoning, the proposed vacation and replat will have no impact on the character of the area.

Granting the vacation request will not adversely affect current or future traffic conditions, circulation, location and alignment of streets within and adjacent to the subdivision. The lot has frontage on Maple Meadows Drive, Amos Drive, and Route K. There are no existing driveways. The City of Columbia is proposing a cost share project with Missouri Department of Transportation to develop a roundabout in the Route K right of way and the adjacent property to the northeast. The roundabout will likely result in restricted access to Maple Meadows Drive for this lot. However, the lot will retain frontage on and potential access to Amos Drive. Any potential traffic impacts that may be caused by development of this property can be addressed through the permitting process.

The current circulation pattern is adequate for the needs of the area. No roads or right of way are affected by the vacation. Since there are no existing permitted access points to

the property, any new development will be required to comply with current access management standards.

The requested vacation will have no effect on public utility facilities and services. Replatting will reestablish existing utility easements and extend them to the adjacent lot to the west.

The proposed vacation will not generally adversely affect the health, welfare or safety of persons owning or possessing real estate within the subdivision.

Staff recommends approval of the vacation requests subject to the following condition:

1. Said vacation is not effective until the lot proposed to be vacated has been incorporated into a subdivision plat in accordance with Boone County Subdivision Regulations.

Biggs – Rezoning

The Planning and Zoning Commission reviewed this request at its October 20, 2022 meeting and recommended approval of the rezonings on a vote of 8-0. The minutes of that meeting are incorporated into the record of this meeting.

The property is located off East Englewood Road, approximately 240 feet east of the intersection of East Johnson Cemetery Road and East Englewood Road. It is 12.04 acres in size and split zoned with R-S Residential Single Family and A-1 Agriculture zoning and is occupied by a house, several accessory structures, and a wastewater lagoon. The zoning on the property is original 1973 zoning. Adjacent zoning to the north, east, west, and south is A-1; to the west and south is R-S.

The proposal seeks to rezone 2.68 acres to R-S Residential Single Family and 9.35 acres to A-2 Agriculture. The purpose of the rezoning is to facilitate subdivision of the land along the proposed zoning districts and create two lots.

In August 2022 the Boone County Zoning Board of Adjustment granted four variances for the property related to the Zoning Ordinance and Subdivision Regulations. All four variances are related to the proposed 2.68-acre R-S section of the property. The variances are as follows:

- Variance from rear setback for an existing garage
- Variance from the front and rear setback for an existing single-family dwelling
- Variance from the 33-foot half-width right of way
- Variance from the 250-foot minimum lot depth

The sufficiency of resources test was used to analyze this request.

Transportation: The property has direct road frontage along East Englewood Drive, a publicly maintained roadway.

Utilities: Consolidated Water provides water service to the area. Boone Electric provides power. No public sewer service is available. Future residential development will require use of an onsite wastewater system.

Public Safety: The property is approximately 8 miles from the Southern Boone County Fire Protection District station 17.

Zoning Analysis:

Regarding the A-1 to A-2: Modification of the existing R-S zoning, proposed in the accompanying request, combined with the contemplated land division into lots less than ten acres, requires a change in the current A-1 zoning on the property. The minimum lot size in an A-1 zoning district is ten acres.

Rezoning to A-2 would lower the minimum lot size to 2.5 acres, potentially opening the area to higher density development. The likelihood of achieving the full development potential is low due to the shape of the property and lack of public infrastructure. Rezoning of A-1 to A-2, adjacent to the R-S zoning district, would also create an area of transition between less intense A-1 zoning to the north and east and the existing R-S zoning to the west.

R-S zoning adjacent to A-1 is uncommon in Boone County. Preferably, there would be a gradual transition from larger to small minimum lot size. Rezoning of the A-1 to A-2 would serve as the area of transition from the residential zone to the larger lot agricultural district and match a zoning pattern more consistent with other portions of the County. Granting of the A-2 rezoning request would allow for the eventual subdivision of the property and construction of an additional dwelling. Impacts on existing transportation, utilities, and public safety resources would be minimal with the addition of another home.

Regarding the A-1 to R-S: This request is an expansion of an existing R-S zoning district. Modification and expansion of R-S on the property, along with variances previously granted by the Zoning Board of Adjustment, provides a pathway for the applicant to subdivide the property. Impacts on existing infrastructure and the character of the Englewood community would be minimal

The proposals scored 38 points on the point rating system. Staff notified 14 property owners of the request.

Staff recommended approval of both requests.

MBK Investments, Rock Bridge Business Park – Rezoning and Review Plan

The Planning and Zoning Commission reviewed this request at its October 20, 2022 meeting and approved the rezoning and review plan on a vote of 8-0.

The property is located on the outer road along S Providence Road, just north of the intersection of State Route K, Highway 163 and Providence Road. It is 3.47 acres in size and zoned M-LP (Planned Light Industrial).

Adjacent zoning is:

- Columbia R-MF to the north and east;
- R-S (Residential Single-Family) to the west, and south;
- C-GP (Planned General Commercial) to the southeast.

The previous use of the property was a mobile home park under the original R-M (Residential Moderate Density) zoning. The property is being redeveloped in accordance with an M-LP Final Plan that was approved in March, 2022.

This request is to revise the approved plan to allow for more uses of the property than initially requested. The proposed plan adds commercial and industrial uses, such as personal services (such as barber shop and beauty parlor), photographic processing, and printing/publishing.

The sufficiency of resources test was used to analyze this request.

Utilities: Are provided by City of Columbia Water & Light for water, Boone County Regional Sewer District, and Boone Electric Cooperative.

Transportation: The property has access on to the outer road along S Providence Road, a publicly maintained roadway.

Public Safety: The property is in the Boone County Fire Protection District, with the station on Route K being closest for service.

Zoning Analysis: While this plan is an expansion of the uses allowed by the existing review plan, there are no physical changes proposed. The expanded use list is compatible with the available resources and the plan for physical development of the site.

The property scored 62 points on the rating system.

Staff recommended approval of the rezoning request and review plan.

Plats

The Planning and Zoning Commission reviewed the final plat of Butch's Investments Plat 1 and the Preliminary Plat of 561 Subdivision at its October 20, 2022 meeting and approved both by consent. I ask that you waive the reading of the staff reports and authorize the clerk to insert them into the meeting minutes as though read verbatim. Staff recommends that you receive and accept the plat Butch's Investments Plat 1 and authorize the Presiding Commissioner to sign it.

Preliminary plats do not require any action by the County Commission. However, as a matter of practice, they are presented to the Commission for your awareness. I am happy to answer any questions about the preliminary plat that you may have.

Butch's Investments Plat 1

The property is located on Route 163, approximately 1300 feet west of US Highway 63. It is occupied by an existing accessory building. The subject property is 22.09 acres in size and zoned M-LP (Planned Light Industrial).

The zoning history for the property is:

- 2016, a Planned Light Industrial (M-LP) rezoning request was denied by the Planning & Zoning Commission;
- September 2020 an M-LP (Planned Light Industrial) rezoning request was denied by the Planning and Zoning Commission
- December 2020 an M-LP rezoning request with a reconfigured Review Plan was recommended for approval by the Planning and Zoning Commission and approved by the County Commission, Order 623B-2020;
- July 2022, a revised review plan was recommended for approval by P&Z and approved by the County Commission, Order number 360-2022;
- October 2022, Final plan was approved establishing permanent M-LP zoning.

The property scored 55 points on the rating system.

The proposed plat divides the property into five lots, varying in size from 1.57 acres to 11.15 acres. Lot 5 is being used for the installation and operation of a central sewer treatment facility under the ownership of the Boone County Regional Sewer District.

Lots 1 & 5 have direct access on to Highway 163, and lots 2-4 have access to Cadet Court, a private drive. The applicant has evaluated the traffic impacts and MoDOT has agreed with their assessment of the ability of Highway 163 to handle traffic generated by

this proposal.

The proposal is served by Consolidated Public Water Service District #1, Boone Electric Cooperative, and the Boone County Fire Protection District.

The applicant has constructed a central wastewater treatment system for this development that has been conveyed to Boone County Regional Sewer District for.

Staff recommended approval of the final plat.

561 Subdivision – Preliminary Plat

This property is on the west side of Clearview Drive approximately 3000 feet southwest of the Hwy 763-State Hwy VV-Prathersville Rd-Wagon Trail Road roundabout. The current property consists of four parcels totaling 5.79 acres. Two of the lots are in Clearview subdivision; each will be replatted along with a portion of right-of-way for Autumn Ct that has received a tentative approval from the County Commission to be vacated. The other two tracts comprise an almost 5-acre parcel of raw land and a small triangle that was deeded to the County and which must be obtained by the developer prior to final plat approval.

Harold Ct. currently ends at the northern line of this development and will be extended into and terminated with a proper cul-de-sac bulb as part of the proposed development.

The current zoning of the subject property is R-M (Residential Moderate Density). The 5-acre tract is vacant. There are houses on the two lots in Clearview subdivision. A conditional use permit was requested to site a mobile home on this tract in 1988, but that request was denied.

The surrounding properties were rezoned to R-S from R-M as part of other rezoning requests in Clearview subdivision in 1992. There have been several infill development proposals for the property in the past, but none have been brought to completion. The current proposal replaces all the previous development proposals.

The developer will have to obtain title to the portion of property not contained within the right-of-way area for Clearview Drive. This requires certification of title and proper execution by the developer's agents during the final platting process.

This preliminary plat offers direct access for proposed lots 1-6 on to Clearview Drive and on the extension Harold Court for proposed lots 7-11.

Columbia Water & Light will provide domestic water service & fire protection to this property. The Boone County Fire Protection District will provide fire protection services to this property. The Boone County Regional Sewer District will provide wastewater services to this property. The property scored 81 points on the rating system.

Staff recommended approval of the preliminary plat subject to the following condition:

The developer's agents continue to work with the County to secure the portion of the property contained within the proposed development that was previously deeded to the County.

PURCHASE AGREEMENT
STATEWIDE HAZARDOUS WASTE DISPOSAL & RECYCLING SERVICES –
TERM & SUPPLY

THIS AGREEMENT, County Contract Number **C000491**, dated the 1st day of November 2022 is made between Boone County, Missouri, a political subdivision of the State of Missouri through the Boone County Commission, herein “County” and **Veolia ES Technical Solutions, LLC** herein “Vendor.”

IN CONSIDERATION of the parties’ performance of the respective obligations contained herein, the parties agree as follows:

1. **Contract Documents** - This agreement shall consist of this Purchase Agreement for **Statewide Hazardous Waste Disposal & Recycling Services** in compliance with all bid specifications and any addendum issued for the State of Missouri Office of Administration Contract **CS211775005** and Boone County’s Standard Terms and Conditions. All such documents shall constitute the contract documents which are incorporated herein by reference. Service or product data, specification and literature submitted with the bid response may be permanently maintained in the County Purchasing Office contract file if not attached. In the event of conflict between any of the foregoing documents, this Purchase Agreement, the State of Missouri Office of Administration Contract **CS211775005** and Boone County Standard Terms and Conditions shall prevail and control over the vendor’s bid response.

2. **Purchase** - The County agrees to purchase from the Vendor and the Vendor agrees to supply the County with Hazardous Waste Disposal & Recycling Services as identified in Contract **CS211775005**.

3. **Purchase Order** – The County will issue a Purchase Order for any order placed from this contract.

4. **Contract Term** – The contract period shall be October 01, 2022 through June 30, 2023. One (1) one-year renewal option subsequent to this initial period is available to the County to renew the contract.

5. **Timing of Service** – The contractor shall communicate service time to the Boone County ordering office at the time of order. The contractor shall coordinate with the Boone County ordering office regarding all timing of service.

6. **Billing and Payment** - All billing shall be invoiced to the Boone County ordering office. Specific invoicing address details will be communicated by the County at the time of order. Billings may only include the prices listed herein. No additional fees for paperwork processing, labor, or taxes shall be included as additional charges. The County agrees to pay all invoices within thirty days of receipt. In the event of a billing dispute, the County reserves the right to withhold payment on the disputed amount; in the event the billing dispute is resolved in favor of the Vendor, the County agrees to pay interest at a rate of 9% per annum on disputed amounts withheld commencing from the last date that payment was due.

7. **Binding Effect** - This agreement shall be binding upon the parties hereto and their successors and assigns for so long as this agreement remains in full force and effect.

8. **Termination** - This agreement may be terminated by the County upon thirty (30) calendar days advance written notice for any of the following reasons or under any of the following circumstances:

- a. County may terminate this agreement due to material breach of any term or condition of this agreement, or
- b. County may terminate this agreement if in the opinion of the Boone County Commission if delivery of products/service is delayed or not in conformity with bidding specifications or variances authorized by County, or
- c. If appropriations are not made available and budgeted for any calendar year.

IN WITNESS WHEREOF the parties through their duly authorized representatives have executed this agreement on the day and year first above written.

MEMORANDUM

TO: Boone County Commission
FROM: Melinda Bobbitt, CPPB, CPPO
DATE: March 22, 2022
RE: Amendment #5: 03-13APR17 - ERP System Selection Project

Contract 03-13APR17 - ERP System Selection Project was approved by commission for award to CentralSquare Technologies, LLC on July 25, 2019 commission order 308-2019.

This amendment adds our County FE contract number of C000016.

It adds the following services:

IntelliTime Services - Adds the Rec-Type to the timecard and the upload and request to add the JL object to an import, the timecards for \$5,239.

This service allows a County employee that is working in multiple departments to have the hours worked charged to different accounts in IntelliTime.

Public Administration Project Management Services for \$780.00.

This service allows for additional subdivision of JL Keys.

These services will be paid from department 1172 – GF IT Hardware & Software, account 92302 – Replacement Computer Software. A Budget Revision has been processed by the Auditor's office to cover these services.

Commission Order #: _____

11.01.2022

Date: _____

**CONTRACT AMENDMENT NUMBER FIVE
FOR
ERP SYSTEM SELECTION PROJECT**

The Purchase Agreement for ERP System Selection Project (the "Agreement") **03-13APR17** dated the 25th day of July 2019 made by and between Boone County, Missouri and **Superior, LLC, n/k/a CentralSquare Technologies, LLC** for and in consideration of the performance of the respective obligations of the parties set forth herein, is amended as follows:

1. Change County contract number to **C000016** which was based on bid 03-13APR17.
2. ADD Services per quote # Q-100834 as follows:

IntelliTime Services:	\$5,239.00
Adding the Rec-Type to the timecard and the upload and request to add the JL object to an import, the timecards	
Public Administration Project Management Services – Fixed Fee:	\$780.00
Services Total	\$6,019.00

Note: Regarding the "add the JL object to an import, the timecards" services, IntelliTime shall make this change to the Boone Test environment, and Boone will validate accordingly. Once approved, this change will be pushed to the Production environment and then IntelliTime will comment this change out (so it's not visible by Boone users). Once Boone is ready to implement this change on Production too, they will notify IntelliTime in writing, so IntelliTime can modify accordingly.

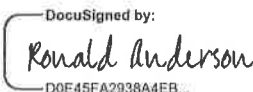

Except as specifically amended hereunder and previous amendments #1 - #4, all other terms, conditions and provisions of the original agreement shall remain in full force and effect.

IN WITNESS WHEREOF the parties through their duly authorized representatives have executed this agreement on the day and year first above written.
